We seek to be a beacon of hope, a sign of the healing and reconciling presence of Christ to all by being a center of religious education, spiritual development, and social activity that celebrates the ethnic and cultural values of our members and by participating in the communities in which we live and work to address the social needs of our times."

Humility is often misunderstood as feeling inferior about ourselves and carrying around feelings of unworthiness. For many, humility is not considered a strength of character but a negative attribute and sign of weakness. Conversely, in fact, authentic humility is found in the person who is firmly grounded in reality, able to be honest with him or herself, and in right relationship with others and God. A humble person understands his or her place in life and who they are. While placing themselves at the service of others, they are comfortable in their own skin and able to step aside and let others go first. Knowing our proper place in life, offering appropriate respect, and looking to the needs of others are things that will enhance our lives and the lives of our brothers and sisters. Are you humble?
